

PLANET ARK

Everyday Nature

The Nature of Learning

Free Teachers Webinar

Tuesday 2 June, 2015

4:00pm – 4:45pm

For all teachers, **Hosted by Planet Ark**, facilitated by Field of Mars Environmental Centre and Cool Australia.

Early childhood educators, primary and secondary teachers will learn how time in nature helps improve academic performance, concentration, creativity and self esteem in children and teens.

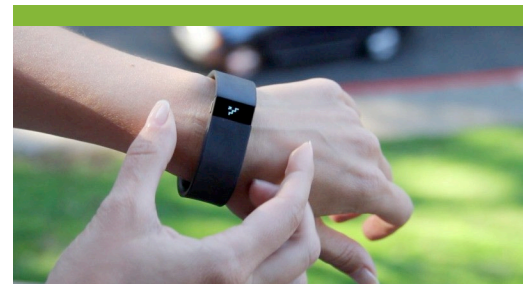

Requires

A computer or mobile device and internet access.

Register Here

PlanetArk.org/TheNatureOfLearning

Full details will be sent in a confirmation e-mail.

Register Early to WIN a \$200 FITBIT

Sign up by May 20 and you could WIN a Fitbit Charge HR heart rate and activity wristband. This is a great tool to help you lead a healthier life as it tracks your daily activities, calories burned, workouts and sleep patterns. So step up early for your chance to win.

BENEFITS FOR EDUCATORS

- Receive practical advice about implementing **Schools Tree Day** and other nature-based programs into your learning centre, classroom, schoolyard, curriculum and school community.
- Explore how **Tree Day** programs help create nature-rich learning environments which are critical for the intellectual, emotional, physical and spiritual development of children and teens.
- Learn how to embed whole school sustainability principles into your daily teaching and learning programs.
- Hear about successes and challenges from like-minded educators and teachers.
- Leverage **FREE** curriculum-aligned teaching resources & Smartboard lesson plans.
- Receive a Certificate of Participation following the webinar.
